

QUALITY POLICY

As an established manufacturer of Polyurethane / Polyisocyanurate, GRP&GRC and Pipe & Duct products, our main objectives are to serve domestic and overseas market with products with right value proposition, meeting and surpassing international standards with NIL defects.

Our major Quality Policies are as follows:-

- Ensure our organization is driven by quality system.
- Appropriately understanding customer requirements in line with the end use and specifications for offering products, services meeting and surpassing customer satisfaction.
- Continual improvement of the QMS by monitoring and managing the risks and opportunities that can affect conformity of products and services.
- Enhance customer satisfaction through measures identified by all stake holders
- Promote the use of a process approach and risk-based thinking.
- Engage, direct and support persons to contribute to the effectiveness of the QMS.
- Ensure that the resources needed for the QMS are available; including training, support and encouragement.
- Support other relevant management roles to demonstrate their leadership as it applies to their areas of responsibility.
- Effectively improving QMS in conformance with ISO: 9001:2015.
- Satisfying applicable requirements by ensuring that customer and applicable statutory and regulatory requirements are determined, understood and consistently met.
- Continually create and maintain a platform to ensure organizational learning by collating skills and knowledge base of individuals.
